THE PRESIDENTS GLOBAL DESK

Merry Christmas!

This time of the year brings a special sparkle to us all and the joy of brightening others' lives is for me the magic of all Christmas seasons.

As the sound of knocked over pegs echoes in our minds and the spirit of recalled togetherness surrounds us, I extend warm wishes to you all. This time of the year brings a unique joy to our Jukskei community, filled with the delight of shared moments and friendly interaction, never to be forgotten.

Further, I wish each and everyone of you a joyful break. May it be filled with laughter, warmth and good memories and may the connections we've forged on the jukskei courts continue to strengthen, and may the upcoming 2024 bring more exiting games and cherished victories, friendships ... yes, also in your personal life.

TINUS BARNARD

In Jukskei we strive to create an environment that fosters inclusion for all ... in South Africa, Namibia, USA, Basque Country, Uganda, Mauritius, Benin, Lesotho, Botswana, Hong Kong, Australia, New Zealand and Kenia.

The Jukskei International Committee sees forward to be of service to all of the thousands of Jukskei enthusiasts all over the world.

Kind regards!

COO - DALEEN ROOS NEWS FROM SA

December worldwide is a festival season. December, unfortunately also means that a year is almost something of the past.

Not only is there joy, happiness and excitement in the air but also some mixed feelings with a little uncertainty about what the new year will bring everyone.

Sports federations have had a hard time in the past two years, after Covid, to become strong again, to attract players back to training, and the administration had to stand strong under all the pressure.

These days, Sports federations face a variety of challenges, including governance issues, financial constraints, and the need to promote the sport and attract new participants.

Financial constraints can limit the ability of sports federations to invest in infrastructure, training, and other areas that are critical to the development of the sport.

Finally, sports federations must work to promote their sport and attract new participants, which can be challenging in an increasingly competitive environment.

My wish for every sports organization in the world, for the New Year, is that all the above challenges can be overcome so that the sports fields, once again, can be filled to their maximum. This will lead to more bonds of friendship.

I wish you peace and happiness during the holiday season. Christmas is a time to rejoice and feel grateful for those we love.

Kind regards

JUKSKEI

SA JUNIOR CHAMPIONSHIP

Once again South Africa Junior Committee hosted a very successful SA National Junior Championship in Desember.

This is the highlight event for all Juniors.

The number of teams that entered the championship was astonishing, as 23 more team entered than in 2022.

Teams from Namibia was also present at the tournament.

NEWS FROM NAMIBIA

On 29 November 2023 Namibia hosted the staff of the Capricon/Bank Windhoek group. Music was played, potjie food was made and people loved the Jukskei that was played.

The weather was a challenge with rain that effected the friendly matches, but it gave everyone a change to relax and spend more time with their potjies.

Everyone enjoyed their day

INTERNATIONAL JUKSKEI

NAMIBIA JUNIORS IN SOUTH AFRICA

The Juniors visited South Africa to play in the SA National Junior Championship in Kroonstad.

Teams competed against different teams of SA. It was a tournament that no one will forget.

From strong winds, warm temperatures and a hailstorm, this champions will also be remembered for the friends the Juniors made and the valuable lessons they learned in the U/13 B division.

Thank you South Africa for hosting our Juniors.

ERIK STRAUSS NEWS FROM NAMIBIA

JUKSKEI

JUKSKEI DEVELOPMENT

What is going on at the Development part of the IJF?

Sometimes I get the feeling that everything is coming to a grinding hold, and then, I receive some good news.

This time the news is coming from India, Uganda, and Hawaii.
India.

The nearest that the people of India could come to Jukskei, is to watch it on YouTube.

It inspires them so much that they will be part of the training camp during the coming SA Senior Championships of 2024.

The only thing outstanding is the number of members that will be attending. Will be great to see you in South Africa.

JUKSKEI

JUKSKEI IN UGANDA

Uganda

Somebody who is presently the leader in developing jukskei in the world is Herbert, the president of Jukskei Uganda.

After the visit by a team from Jukskei SA, he and his team did not sit back, they took every opportunity to advertise and develop Jukskei as a new sports code for Uganda. Herbert gave us a thumbs-up that they are going to attend the training course. At the end of January 2024, we will know how many members will attend. Herbert, you are a champion. Here is some proof of his actions to establish Jukskei in Uganda.

In the words of Herbert, “As Jukskei Uganda, our most important goal for 2024, is to have a Nationwide Jukskei League kicking off for both Men and Women”.

JUKSKEI

JUKSKEI IN HAWAII

Andriette and her husband moved to Hawaii at the beginning of the year. They made sure, before they left South Africa, that they got the best training as coaches and umpires by no one other than Tinus Barnard. With that as background, the letter received from Andriette is proof of their willingness and eagerness to establish Jukskei in Hawaii. The two slides that I attached to her letter are the first and last slides of her presentation. Read the timeline, in the last slide, and see what is coming.

JUKSKEI IN HAWAII, USA, TAKES A STEP TOWARDS ESTABLISHMENT

Kailua-Kona, Hawaii - Tuesday 5 December 2023.

We moved to the Big Island of Hawaii at the beginning of the year. Having been part of the Jukskei family in South Africa for more than 7 years, we didn't want to let this dream die. We did proper planning before we departed from South Africa, knowing very well that we might not be able to find equipment on the island. Part of the things we shipped were 18 sets of skeys, pegs, and calipers.

We have managed to build half a jukskei field at our house. Which turned out to be quite challenging as to find level ground is quite difficult. We had to drive in about 5 trailers of ground to fill up the area and make it level. In total, we have about 13 family members here and we have started teaching them the game. Weather permits (it rains quite a bit), we do

JUKSKEI

JUKSKEI IN HAWAII

Our dream is to establish Jukskei on the island and to let the dream live on for our children and their children. The plan was to first start with the school where our son is going and then build from there.

We managed to speak to the Principal of the Konawaena High School and were referred to Mr. Daniel Curran, Vice Principal who is better placed to assist with school sports clubs. In our meeting with the Vice Principal, he indicated that the school would be very interested in learning about Jukskei. He suggested that we should meet with the Physical Education teacher and present jukskei to the students during their PE periods. He also indicated that should we need to meet with students and parents to make a presentation of Jukskei, we are more than welcome to use the school facilities.

However, one small stumbling block is that all the sports fields on campus will be going under construction soon, and that still leaves us without a place to practice. Mr. Curran also suggested that we contact the States Park department to try and see if they would allow us to build a Jukskei field. But if we don't manage to get this done, we will commence practise at our house field and take it from there.

Watch this space for updates.

JUKSKEI

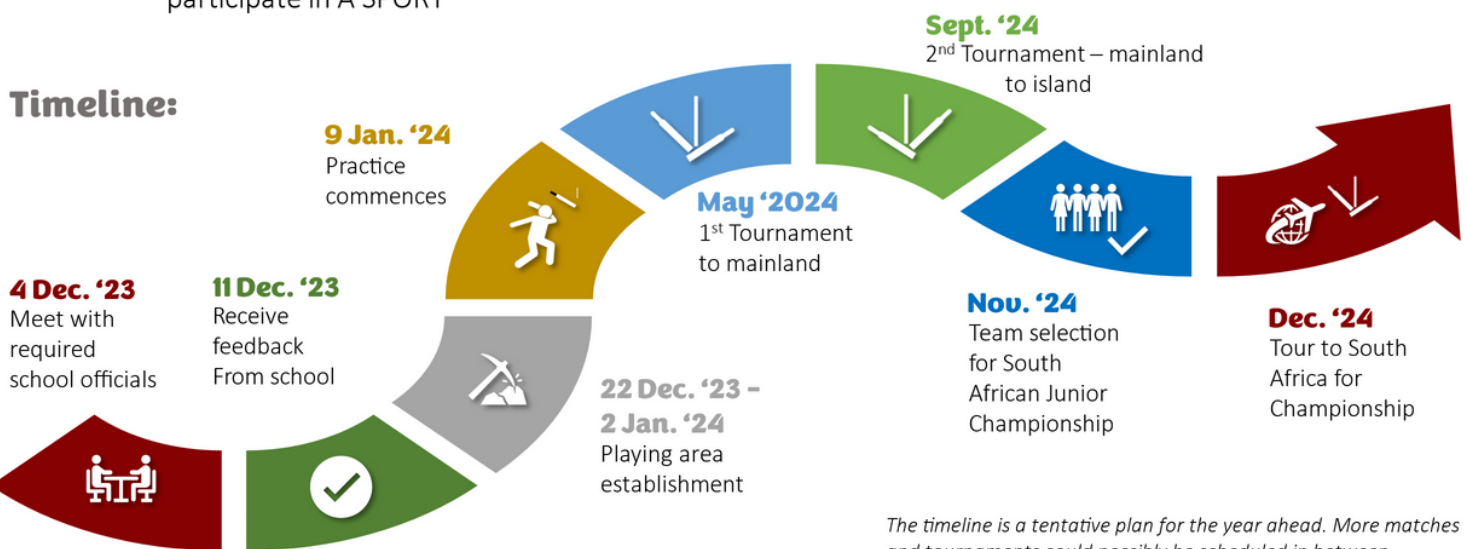

JUKSKEI IN HAWAII

AIM, VISION & TIMELINE

Aim: To establish Jukskei as a sport on the island and within the school environment. For now, focussing on age groups 0/16 and 0/19, girls and boys.

Vision: To provide children, who are not interested in high level of activity and contact sport an opportunity to participate in A SPORT

Timeline:

As Director of Development, I am proud to have these three countries, not yet members of the IJF, that are doing their utmost to establish Jukskei in their countries. Well done, and good luck.

With the inspiration from these three countries, I hope to have more input from the other, non-member countries, during the coming months. May you all have a blessed holiday season.

JUKSKEI

ACADEMY

During the past Annual General Meeting of the IJF, it was decided to change the method of the re-evaluation of the qualified IJF umpires. The reason was that not all of the IJF umpires had the opportunity to be re-evaluated during a more day tournament. The following are the changes made:

8.4 Re-evaluation

8.4.1 The process of re-evaluation is as follows:

8.4.1.1 Each year before the 1st of October the member's country must send a letter of consent to the IJF containing the following that the member is a fully registered member of his country.

8.4.1.2 Without the consent letter, the member cannot come into consideration for an appointment.

8.4.1.3 Upon receipt of the letter, a few scenario sketches will be sent to the member to test his knowledge of the latest rules.

8.4.1.4 To come into consideration, to be appointed for a test series, the member must have acted at a more day tournament/championship during the past three years.

It was then decided to take Clousure 8.4.1.3 a little bit further. The scenario, with the correct answer, will be published to help the upcoming umpires better understand the rules and the application thereof.

Here is the first of the scenarios.

SCENARIO

During matches, where you are performing, you notice that there is a scramble at one of the courts.

You notice a member lying on the pitching line of one of the courts and the other players gather around the member.

What will your action be regarding the particular match?

The following will influence your actions:

1. Member may not be moved - has back injury.
2. His first skey has already been thrown.
3. It is not a set score like with a rain whistle.

JUKSKEI

ACADEMY

RULES USED TO EXPLAIN PROBLEM SOLVING:

- 14.7 The umpire in charge may blow the whistle (similar to the rain whistle) in any situation to end a match to ensure the safety of or to protect players and/or their property.
- 12.5 In the case where more than one court is involved, due to an accident, medical incident, then all other games must also be stopped, by the blow of a whistle with the following announcement:
- Medical incident
 - Stop play without removing skeys
 - Time will also stop (Not the same as with a rain whistle)
 - All clear whistle will blow, play can commence and no time will be lost
- 12.9 The umpire in charge determines the blowing of a rain whistle, lightning whistle or stop playing whistle
- 12.6 When a match is stopped due to rain and is restarted within the stipulated time, players must be warned by means of an announcement by the umpire in charge or the controlling body that the restart whistle will be blown in three minutes.
- 5.2 A team is allowed to make use of the service of two reserves.
- The captain of the replacement player shall inform the opposition captain of the exchange.
- 5.4 In the event of a team starting with one player less than the tournament requirements, against a team meeting the tournament requirements, the captain of the team consisting of the fewer players must indicate during each round when the absent player would pitch.
- The sequence of the round will then continue as if the absent player had already pitched.
- 5.5 If a match begins with one less player than the tournament is required, the absent player may join his team at any time during the match, provided it is at the beginning of a round and that the specific player is present and ready to participate in the match.
- 7.2.3.2 As soon as the first player of the opposing team has pitched his first skey, the round will be regarded as having started

JUKSKEI

ACADEMY

REASONING OF THE PROBLEM:

(Why are you going to use the above rules to reach your decision?)

On arrival at the court, I noticed the following:

The member has a back injury and is **not allowed to be moved**. He needs medical assistance.

Because the **umpire has the power to blow a whistle similar to a rain whistle**, to protect the players, refer to rule 14.7, I will inform the captains that the game must stop immediately. Explain rules 12.5 b, c en d.

Stop play without removing skeys. Time will also stop. play can commence and no time will be lost.

The stop-play whistle can only be decided by the Umpire-in-Charge, refer to rule 12.9.

If the member must be moved by a stretcher or an ambulance, and it has an influence on the other courts, then a general whistle must be blown according to rule 12.9 and an announcement must be made.

What about the skey already pitched?

According to rule 5.4 A skey is regarded as having been pitched as soon as it leaves the hand, with the intention of it being pitched at the other peg, from a position behind the relevant pitching line. This means that the members second skey must be forfeited.

What about the reserve member?

Rule 5.2 can be applied. A team is allowed to make use of the service of two reserves.

Should rule 7.2.3.2 comply, it means that the game already started, therefore the reserve can only come into play with the next round, as stated in rule 5.5.

Should there be no reserves, then rule 5.4 will be applied stating the following: the captain of the team consisting of the fewer players must indicate during each round when the absent player would pitch. a) The sequence of the round will then continue as if the absent player had already pitched.

How will the game resume?

A three-minute warning whistle will be blown according to rule 12.6 followed by

A whistle according to rule 12.5 d) All clear whistle will blow, play can commence, and no time will be lost.

DECISION:

(Give your decision)

Stop play until member is removed.

The team is allowed to make use of a reserve player starting from the next round of play.

Play can commence and no time will be lost

JUKSKEI

UMPIRES

In the previous newsletter, reference was made to the International referees playing a crucial role in ensuring fair play and maintaining the integrity of sporting competitions.

Expertise: International umpires are highly skilled umpires and have enough experience, to make the best decisions. They have a deep understanding of the rules, techniques, and strategies involved, which helps them to make decisions in high-pressure situations.

The presence of international referees contributes to the credibility and reliability of sports competitions. Their involvement assures players, teams, and supporters that the game is handled by qualified professionals.

The question posed by the public is where and when the IJF referees obtain their expertise:

Practical experience is acquired by officiating at more day tournaments and championships.

Theoretical experience is acquired by completing scenarios within a due date.

The IJFU undergo the following training by the IJF Academy

The IJF umpires were given a few scenarios to complete within a due date. This scenario is sent out by the Director of the Academy.

After receiving the first scenario back by the Director of the Academy, marks are given out of five. He sent the scenario to the Director of the Umpires for his input after that.

Feedback is then given to the applicant, and should it be necessary, points of interest will be highlighted. This will be followed by the next scenario and due date. An average of five scenarios will be handled with the necessary feedback.

JUKSKEI

EDITORS LETTER TO PLAYERS

The importance of playing sports

The importance of playing sports for both children and adults. Engaging in physical activities and participating in sports offers a multitude of benefits that positively impact our physical, mental, and social well-being.

Firstly, playing sports provides significant **health benefits** for individuals of **all ages**. Regular physical exercise helps in maintaining a **healthy weight, reducing the risk of chronic diseases such as heart disease, and improving overall cardiovascular health**.

Moreover, engaging in sports enhances our mental well-being. Physical activities release **endorphins**, a hormone that **boosts mood and reduces stress, anxiety, and depression**.

For children, playing sports has additional advantages. It fosters the development of essential **social skills** such as teamwork, cooperation, and communication. Through sports, children learn how to work effectively in a team, **respect** their peers, follow rules, and **develop leadership** qualities. Sports also provide them with opportunities to make new friends and build lasting relationships.

Similarly, adults who engage in sports can find **opportunities to connect with like-minded individuals**, fostering a sense of community and belonging. It helps them broaden their social circles, build friendships, and create support networks. Additionally, participating in sports as adults allows for **stress relief, an escape from work-related pressures, and an opportunity to rejuvenate both physically and mentally**.

I encourage you to embrace the spirit of sports and inspire others around you to engage in physical activities. Let's work together to create a society that recognizes and prioritizes the importance of sports for both children and adults.

JUKSKEI

WISHES FOR THE FESTIVE SEASON

As the festive season approaches, we wanted to take a moment to send you our warmest wishes. May this holiday season be filled with joy, love, and happiness for you and your loved ones.

It's a time to cherish moments of togetherness, rejoice in the company of family and friends, and create beautiful memories that will last a lifetime. May you find peace and contentment in the little joys that this season brings.

May your home be filled with warmth and laughter, and may the spirit of generosity and kindness guide you throughout the year. May you be surrounded by love, goodwill, and abundance in all aspects of your life.

Wishing you a Merry Christmas, a joyous Hanukkah, a delightful Kwanzaa, or any other celebration you hold dear. May this festive season bring you renewed hope and endless possibilities.

Sending my heartfelt greetings and best wishes for the festive season.
